

COMPUTING APPLICATIONS IN THE HUMANITIES

PANEL ABSTRACT

*Tina Buck, Moderator
St. Edward's University*

Tina Buck will chair a panel presenting Computer Applications in the Humanities. Panelists will include instructors in the areas of writing and foreign language. Topics such as CAI Writing Basics and Remediation, Technical Writing, Foreign Language Instruction using HyperCard, Desktop Publishing for Student Publications, Computerized Writing environments for Teaching English will be presented. Each panelist will discuss: the student population served by his or her course, objectives of writing and languages courses, and computer resources used to support the courses. Software used will be described or demonstrated.

Panelists will be:
